

## RB-Ftr-39

### Gold / Silver Spark Gear Motor Mount (Pair)

These anodized aluminum motor mounts will fit just about any small motor with mounting hole distances from 10mm - 12.5mm (0.39 - 0.49in). Especially suited to both Gold and Silver Spark motors, they will also hold all "Mini Metal Gearmotors", small Copal motors, Maxon motors, etc.

- Seven different mounting slots will fit up to 3mm or 4-40 sized screws.
- Width: 16mm (0.63in)
- Height: 19.8mm (0.78in)
- Length: 18.6mm (0.73in)
- Shaft height: A motor with 11mm hole spacing will raise the motor shaft up to 11.7mm (0.46in).
- Only 1.2grams (0.04oz) each!
