### Single Line Detector Specifications

- Sensor type = Reflective IR
- IR sensor = Optek OPB745
- I/O required = One digital line (input)
- Minimum range = 1/8" from floor
- Maximum range = 1/2" from floor
- Input voltage = 5vdc regulated
- Current requirements = 18mA - 29mA
- Overall size = 0.75" x 1.5"
